COMPOUNDING**

May 22, 2017

7:00 AM - 5:00 PM

University of Santo Tomas Medicine Auditorium

REGISTRATION PROCESS

1. Scan QR code or click Sign Up button in this link:
<http://tapestlerx.com/meeting/innovative-technology-seminar-ph> to register.

2. Wait for the confirmation of your slot and payment instruction.

REGISTRATION FEE:

Pre-registration fee until May 12, 2017	Php 500
On-site	Php 550

This serves as an invitation

Learning Objectives:

After the seminar, the participants are expected:

1. To explain pharmacy compounding guidelines, describe the roles of the USP and the FDA with regard to standards and relevant regulatory requirements associated with compounding practices.
2. To describe requirements and recommendations for engineering controls used in compounding as a means of understanding the value of addressing hazardous drug management and containment (personal protective equipment) issues.
3. To impart practice knowledge and skills among pharmacists involved in compounding and prepare them to be safer and more efficient in their workplace.
